DECLARATION DISCLAIMING INVENTORSHIP

I, Robert K. Williams, declare as follows:

1. I have read and understood the specification and claims set forth in the above-identified patent application ("the Application").
2. I am listed as a co-inventor on United States Patent No. 6,447,714, together with Amit Goyal and Donald M. Kroeger.
3. With respect to the aforementioned '714 patent, I did not invent subject matter relied on therein to reject the Application. In particular, with regard to claims 8 and 19 of the Application, I did not invent a biaxially-textured article having a biaxially-textured substrate with at least one epitaxial nitride layer—

regardless of nitride layer identity or stoichiometry—and an electromagnetic or superconducting layer thereon.

4. The subject matter of the '714 patent cited against claims 8 and 19 of the Application was invented by Amit Goyal and Donald M. Kroeger.

I hereby that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under § 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the above-identified application or any patent issued thereon.
